LEADING THE WAY IN SPORTS & PLAY

The Sports & Play Industry Association is the national peak body for those involved in the sports, recreation, leisure and playspace construction industry. Our members include designers, engineers, contractors, suppliers, manufacturers and professional consultants.

The aim of SAPIA's annual National Conferences is to provide members and interested parties with the opportunity to:

- Learn about new techniques and ways to reduce or overcome issues in their working lives
- Meet sports governing bodies' key personnel and hear about their organisations' plans for the future
- Acquaint themselves with suppliers and manufacturers of products and services to the industry
- Converse with the SAPIA Board of Directors and have a voice in the running of the Association
- View the entries and celebrate with the winners of the 2024 SAPIA Industry Awards competition
- Catch up with old friends and form new business relationships
- Have fun and enjoy each others' company at our Welcome Party and Annual Gala Dinner

Our delegate fees have been kept to an absolute minimum thanks to the generosity of our sponsors, allowing member companies both big and small to attend.

Please support your Association by attending, ensuring that the industry remains strong by assisting your employees and encouraging your sub-contractors and industry contacts to attend, and encouraging others who you feel may benefit from SAPIA membership to come along and see who we are and how we operate. Our Annual Dinner charges for non-delegates are provided at cost price, so please feel free to invite partners and friends.

Although we are part of Australasia's construction industry, we represent a niche, specialised sub-section, and our conference presenters in 2024 have been chosen for maximum relevance and interest to members of our industry. For suppliers and consultants, the SAPIA National Conference affords you a valuable opportunity to meet with current and prospective customers. For contractors, our event allows you to liaise with manufacturers and suppliers, improve your technical knowledge and stay up to date with current trends. The enjoyment to be had by all from socialising with your peers and industry personnel is priceless.

Our 2024 conference presenters will be announced shortly.
